COVID-19 PRECAUTIONS

People are afraid of catching the Coronavirus, we've seen better days.
What we should do is to take precautions and it won't hurt to pray.
Regularly use an alcohol-based hand rub or water and soap.
People can avoid catching this virus, we shouldn't give up hope.
Stay at least three feet away from people who cough or sneeze.
If we avoid touching our mouths, eyes and noses, it can help to prevent us from
When I went to a Shell Station, the sales clerk was wearing a mask.
I knew it was to protect her from the virus, I didn't even have to ask.
It's a bad epidemic and it's hard for people to cope.
Pray and take precautions and never give up hope.

I sincerely send my best wishes to everyone in this trying time, and pray that we will get through this as one *humanity*. Take care and don't lose hope.

THANK YOU
